Participación en Proyectos de I+D financiados en Convocatorias públicas.
(nacionales y/o internacionales)

Título del proyecto: Developing a human ES cell derived dopamine neuron source for cell therapy in Parkinson's disease

Entidad financiadora: NYSTEM

Entidades participantes: WCMC, MSSK

Duración, desde: 2013 hasta: 2017 Cuantía de la subvención: \$14,904,226

Investigador responsable: L. Studer

Número de investigadores participantes: 15

Título del proyecto: Gene Therapy For Batten Disease Using Aavrh.10 Expressing Human CLN2 CDNA

Entidad financiadora: National Institutes of Health

Entidades participantes: WCMC

Duración, desde: 2010 hasta: 2014 Cuantía de la subvención: \$2,765,623

Investigador responsable: R. Crystal

Número de investigadores participantes: 10

Título del proyecto: Fostering Medical Professionalism

Entidad financiadora: HSS Academy of Rheumatology Medical Educators

Entidades participantes: WCMC, HSS

Duración, desde: 2012 hasta: 2013 Cuantía de la subvención: \$20,000

Investigador responsable: I. de Melo Martín, R. MacKenzie

Número de investigadores participantes: 2

Título del proyecto: Biology and Ethics: Evaluating the Claim that New Biotechnologies Pose a Threat to Human Dignity

Entidad financiadora: National Science Foundation

Entidades participantes: WCMC

Duración, desde: 2007 hasta: 2009 Cuantía de la subvención: \$149,839

Investigador responsable: I. de Melo Martín

Número de investigadores participantes: 1
